

2/11/23: WellSky update – There was a WellSky update last night. Unfortunately, we have discovered that it has made some changes to the clock in process specifically the employee and client COVID-19 questionnaires. We are working on trying to get everything back to the original way. Please just make sure you are listening to all the prompts and questions. If the system asks you to press 1 to “sign” your form, please press 1.
