

2022

4/6/22: Update: Starting today, goggles/faceshields are optional for those that are completely vaccinated. If your client becomes positive or if the county's rate goes above 5% then goggles and/or faceshields must be worn by all. This can change at a moment's notice. Surgical masks are still mandatory at this time. Any questions, please call the office. If you would like to opt out of messages, please call 570-385-2818.
